

LET ME BE A CHILD

Let me know when I make you proud, and help me to have pride in my own accomplishments.
Let me earn your trust, then trust me; I won't let you down.
Let me try my wings, if I fail, let me know it's ok and encourage me to try again.
Let me know your love, with a hug, a pat on the back, or when I need it, with a firm but gentle "no."
Let me be me; Let me change; Let me grow.
Let me tell you when I'm feeling bad or angry, even at you.
And let me know that even on my worst days, you still love me.
Let me dream, share my joy when my dreams come true;
Share my tears when they don't.
Let me feel secure in my home.
Help me realize that love is always there...that I can depend on you no matter what.
Let me run.....Let me laugh.....
Let me play.
And most of all,

LET ME BE A CHILD.

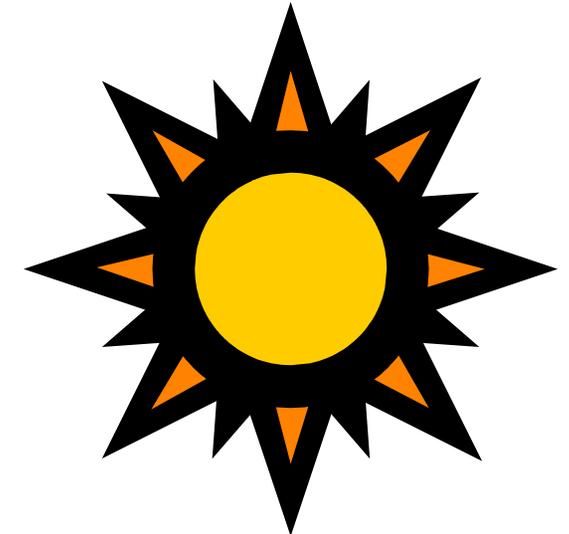

PATIENT BILL OF RIGHTS

PATIENTS HAVE:

The right to receive appropriate care and treatment employing the least restrictive alternative available.
The right to be treated with respect and dignity.
The right to receive treatment which is non-discriminatory and sensitive to differences of race, culture, language, sex, age, national origin, disability, creed, socio-economic status, marital status or sexual orientation.
